- 6) Assignment : According to the topic

Signature of the Supervisor

OBSERVATION - 02

Class : VII

Name of the Teacher : _____

No. _____

Date _____

THE TEACHER

a) Appearance : Good

b) Language : Language is according to mental level of the learner,

c) Discipline : Good

THE PUPILS

a) Speech : Suitable to understand

b) Response : Good

THE LESSON

3. Simple Equations

i) Topic

: Equation- weighing balance

ii) Sub-Topic

: Solving Equations

iii) Method of Presentation

: Direct method and activity
Based teaching and learning

1) Probing Questions

: The teacher asked probing
questions to motivate the learner

2) Modification of the Answers:

Answers are modified
according to the questions.

3) Usage of the TLM

: Teacher used TLM
according to the context.

4) Usage of the Black Board

: Good

5) Revision

: Teacher revised the topic
what he taught.

6) Assignment

: According to the topic.

Signature of the Supervisor

OBSERVATION - 03

Class: VII

Name of the Teacher: _____

No. : _____

Date : _____

THE TEACHER

a) Appearance : Good

b) Language : Language is according to mental level of the learners

c) Discipline : Good

THE PUPILS

a) Speech : Suitable to understand

b) Response : Good

THE LESSON

5. Triangle and its Properties

i) Topic

: Classification of Triangles

ii) Sub-Topic

: Relationship between the side of a triangle

iii) Method of Presentation

: Direct method and activity based teaching and learning

1) Probing Questions

: The teacher asked probing questions to motivate the learner

2) Modification of the Answers:

Answers are modified according to the questions

3) Usage of the TLM

Teacher used TLM according to the context

4) Usage of the Black Board

Good

5) Revision

Teacher revised the topic what he taught

6) Assignment

Given assignment according to individual difference

Signature of the Supervisor

OBSERVATION - 04

Class: VII

Name of the Teacher :- _____

No. : _____

Date : _____

THE TEACHER

a) Appearance : Good

b) Language : Language is according to mental level of the learners

c) Discipline : Good

THE PUPILS

a) Speech : Suitable to understand

b) Response : Good

THE LESSON

6. Ratio - Applications

i) Topic

: Proportion

ii) Sub-Topic

: Solving Problems

iii) Method of Presentation

: Direct method and activity based teaching and learning

1) Probing Questions

: The teacher asked probing questions to motivate the learner

2) Modification of the Answers:

Answers are modified according to the questions

3) Usage of the TLM

: Teacher used TLM according to the context
